COVID-19 has forced the cancellation of many things this year, including some blood drives. The American Red Cross / Vitalant AZ has had more than 50,000 blood drives cancelled so far this year. Although donations are down, the need is great here in Arizona. There are safety protocols now in place and certain guidelines for the site to maintain the safest environment for the donor, staff & volunteers, COPS Arizona is encouraging you to participate again this year in the National Blue Blood Drive, on January 8th, 2021.
